

“You stand on the bank of a river with a wolf, a goat, and cabbage. You can carry only one across the river at a time. The wolf will eat the goat if left alone. And the goat will eat your cabbage if left alone. How do you get the wolf, goat, and cabbage across the river?” (Microsoft job interview question)

“You have two light bulbs and a 100-story building. You want to find the floor at which the bulbs will break when dropped.” (Facebook job interview question)
